Report on the Financial Statements

We have audited the accompanying financial statements of the Monterey County Regional Taxi Authority (Authority), as of and for the year ended June 30, 2019, and the related notes to the financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Authority as of June 30, 2019, and the changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Prior Year Financial Statements

The financial statements of the District as of and for the year ended June 30, 2018, were audited by Vavrinek, Trine, Day & Co LLP, who joined Eide Bailly LLP on July 22, 2019, and whose report dated June 28, 2019 expressed unmodified opinion on those statements.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's response to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2019 AND JUNE 30, 2018

The following narrative provides an overview and analysis of the financial activities of the Monterey County Regional Taxi Authority (Authority) for the years ended in June 30, 2019 and 2018, respectively. It is provided in order to enhance the information in the financial audit and should be reviewed with the audit report.

Agency Profile

The Authority was formed on August 9, 2010 as a Joint Powers Authority. The members of the Authority are currently the City of Carmel-by-the-Sea, City of Del Rey Oaks, City of Marina, City of Monterey, City of Pacific Grove, City of Salinas, City of Sand City, City of Seaside, Monterey Peninsula Airport District, and the County of Monterey. The Authority was formed to provide the services of issuing taxi permits. Monterey-Salinas Transit (MST) provides administrative, licensing, and inspection services to the Authority. The Authority is governed by a ten-person board comprised of one elected official from each member jurisdiction. MST contracts with the City of Monterey Police Department to provide services related to taxi driver permitting and taxi vehicle inspections.

Financial Highlights

Initial startup costs for the Authority totaling \$15,000 were provided by the original 8 member agencies upon its inception at the beginning of FY 2011. An additional \$1,875 was provided by the County of Monterey when it joined the RTA in February of 2011 and the city of Marina also contributed a like amount when it joined in July of 2015. MST provides administrative services for the Authority. During the course of 2019 and 2018 MST paid for the operating expenses of the Authority in the amount of \$23,962 and \$24,780 respectively. The payable to MST decreased to \$48,835 in 2019 from \$58,131 in 2018. In order to fully retire the payable balance to MST, generated before taxi permit revenues were fully being collected, the member agencies voted in April 2013 to assess themselves additional funds in the amount of \$108,505 to be collected in fiscal year 2014. These start-up fees would subsequently be reimbursed to member agencies through future permit revenues. All start-up fees have now been repaid to those member jurisdictions that sought repayment. The assets of the Authority consist mostly of cash in banks which decreased to \$104,741 from \$107,785 between 2018 to 2019 which is sufficient to liquidate its current amount payable to MST.

Economic Factors and Next Year's Budget

The Authority continues to be self-sustaining in the current fiscal year. Operating revenues have consistently exceeded operating expenses over the past five years. It is anticipated that next year's operating results will continue to show positive results and positive cash flows.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEARS ENDED JUNE 30, 2019 AND JUNE 30, 2018

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Monterey County Regional Taxi Authority (Authority) conform to accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB). The following is a summary of the more significant accounting policies:

Description of the Organization

The Authority was formed on August 9, 2010 as a Joint Powers Authority. The members of the Authority are the City of Carmel-by-the-Sea, City of Del Rey Oaks, City of Marina, City of Monterey, City of Pacific Grove, City of Salinas, City of Sand City, City of Seaside, Monterey Peninsula Airport District, and the County of Monterey. The Authority was formed to provide the services of issuing taxi permits. Monterey-Salinas Transit (MST) provides administrative, licensing, and inspection services to the Authority. The Authority is governed by a ten-person board comprised of one elected official from each member jurisdiction. MST contracts with the City of Monterey Police Department to provide services related to taxi driver permitting and taxi vehicle inspections.

Basis of Presentation and Basis of Accounting

The accounts of the Authority are organized on the basis of fund accounting. The operations of the fund are accounted for with balancing accounts that are comprised of assets, liabilities, net position, revenues, and expenses. The Authority utilizes a proprietary-type fund to account for its activities.

Basis of accounting refers to when revenues and expenses are recognized in the accounts, and reported in the financial statements. Basis of accounting relates to the timing of measurement made regardless of the measurement focus applied.

Proprietary funds are accounted for using the accrual basis of accounting. Revenues are recognized when earned, and expenses are recognized when the related liabilities are incurred. The Authority applies all GASB pronouncements as applicable.

Operating and Nonoperating Revenues and Expenses

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services, producing, and delivering goods in connection with a proprietary fund's principal ongoing operations. The Authority's operating revenues are charges to the member agencies for taxi permits. The operating expenses for the Authority are the costs of running the program including salaries and benefits for the employees who are engaged in the program. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Restricted and Unrestricted Resources

When both restricted and unrestricted resources are available for the same purpose, the Authority's policy is to use all available restricted resources first before unrestricted resources are utilized.
